Art and Design Department Information

Department description and information for candidates:

Thank you for your interest in this post. The Art and Design department was newly formed in September 2018 to bring together Food Technology, Art, Photography, Product Design and Textiles. We are a vibrant department with a committed staff.

The ethos of the department is on creative thinking, sound research and critical analysis, high quality resolutions and the development of individual talent through skills acquisition. Students are challenged to improve their own individual standard and extension through independent study. Art and Photography students' work is regularly selected for exhibition in local firms and community centres and we have a thriving robotics club. Food Technology is a popular option and the students are keen to experiment and develop their practical cooking skills.

Curriculum overview

At KS3, students follow a balanced curriculum in full class sets for Art and Graphics (3 hours a fortnight) with smaller class sets for Food Technology, Product Design, and Textiles specialisms (2 hours a fortnight). The smaller technology classes are on a carousel system. They cover a number of specialist areas, which provide a broad range of opportunities to develop both technical dexterity and life skills. All students have one rotation in Food Technology each year as it is seen as an essential life skill. Drawing is also regarded highly as a foundational skill and students are set regular objective drawing tasks and taught technical drawing to develop their capabilities as artists and designers.

At KS4, students follow Edexcel courses in Art and Design, Photography and Product Design and the Eduqas WJEC Level 1/2 Hospitality and Catering. There is a diversity of course structure to meet the needs of the exam specifications and students are encouraged to develop independent working practices to maximise their attainment.

At KS5 students can follow AQA endorsements in Fine Art, Graphic communications, Three Dimensional Design and Photography. The courses are tailored to each cohort and there is access to high quality materials and photographic equipment to support effective learning. There is a permanent sixth form studio with allocated studio spaces for A' Level Art, Graphic communications and Three Dimensional Design students to enable independent study.

Resources and rooming

The department consists of 11 classroom / workshops (with specialist facilities available to do photography, ceramics, wood, textiles, systems, CAD and Food Technology).

Extracurricular Art

Casual clubs and support sessions for exam classes run at the discretion of the staff.
